

Hydropower Community of Practice (CoP)

Denver, Col
20-22 JUL 2004

CoP Definition

- What is a CoP?
- A CoP is a community of individuals that practice and share an interest in a major functional area or business line.

Issue

- Need to rejuvenate and extend the Hydropower Community of Practice beyond the Corps
 - Internal to Corps
 - External to Corps

Approaches

- Meet more often
 - Corporate
 - Regional
- Shared input to agendas for meetings
- Identify partners
- Identify subject matter experts for hydropower, utility operations, etc
- Identify critical events for hydropower
- Set up a “chat-room” for hydropower
- Orientation (briefing/course) 101 (for customers, PMA, Corps, etc)
- Improve collaboration/communications (customers, PMA, Corps, BUREC, etc)
- Training on reliability standards (NERC, FERC, etc)
- Need to develop a COP charter

Recommendations

- Implement the bullets on the “Approaches” slide
